

**Digital
HEALTH**

30 percent of Americans **don't have** access to a **primary care** provider.

That's where you come in.

By offering digital health tools and resources from IPC Digital Health and iCare+, you connect your community with something that's been missing for so many - accessible and affordable healthcare.

Benefits of iCare+ Telehealth

More Revenue

Your telehealth connection can draw in a new patient base in need of a healthcare solution and provide a mobile healthcare experience with new and existing patients to help them remain compliant with their medication and health screening regimen.

Improved Patient Outcomes

This connection can help you build bonds with your patients, doctors, local employer groups, insurers, and pharmaceutical companies each committed to improving patient health outcomes and medication adherence rates.

Increased Patient Loyalty

Offering our telehealth products and services help make your pharmacy, in-store and virtual, a one-stop destination for dynamic health services that patients and your community trusts.

Improved Efficiency

Your telehealth connection can help you provide care for more patients, in less time.
