

**INDEPENDENT
PHARMACY
COOPERATIVE**

Why choose iCare+ LTC?

The face of community and LTC pharmacy continues to evolve as well as the needs of underserved populations with respect to medication management, compliance, fulfillment and home monitoring. We have learned the necessity of engagement in the pharmaceutical and medical management of underserved populations.

At the forefront of patient engagement remains the pharmacies and pharmacists that regularly serve as the most accessible and frequently engaged clinician to a broad slice of the general population.

Are you Dispensing Medications in Compliance Packaging?

- Nursing homes (SNF's)
- Assisted Living Facilities (ALF's)
- Mental health facilities
- Group homes (IDD)
- Home healthcare agencies
- Homebound populations
- Hospice care
- Correctional institutions
- Rehabilitation centers
- Pain management facilities
- Adult day programs

If You're Dispensing into these Populations, You're in LTC!

Did You Know...

the Difference in Reimbursement for 100 LTC Patients vs Retail could be \$4,800 per month (NO DIR)?

FUTURE READY YOUR PHARMACY!

- In 2021, an estimated 17.6 million people in the U.S. experienced disabilities or functional or cognitive impairments likely requiring assistance with activities of daily living such as bathing, walking, or independently using the bathroom.**
- Members of the baby-boom generation (born between mid-1946 and 1964) began aging into Medicare in 2011 at a rate of about 10,000 people per day, a rate that will continue until 2030*
- Dollarized TAM of underserved populations to be \$12 – 15B
